Your TEAM in your country will start out with a combined group of people as 1) The Music Producer 2) The Top Star Singer 3) The Manager 4) The Record Company, and 5) The Performance Rights Organization ~

WHAT IS TO BE ACCOMPLISHED

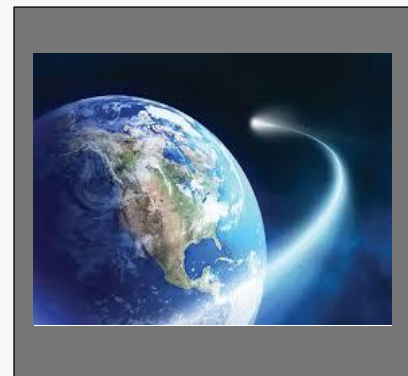

Based on his original song written, performed by, and copyrighted solely by American entertainer ROB SANDERS and as having the song title **I SEE MYSELF IN YOU**, we will establish our new Global Anthem Song worldwide in each of at least one hundred countries by A) Having the selected Producer and chosen Singer of each individual country, who will officially be representing that nation in our unique first time ever campaign, sign and ratify business contracts that will specify terms and conditions of our business working relationships. And B) Having the Producer and the Singer in each country make a master recording of the subject song with musical arrangements and styles subject to the approval of the singer and, also, subject to the express approval of Rob Sanders.

The polished and finished master recording of the subject song, I SEE MYSELF IN YOU, in each of the hundred countries will be aired to broadcast on a variety of each nation's radio programs. In addition, Internet download platforms, and other methods of distribution will be part of our I SEE MYSELF IN YOU / New Global Anthem Song worldwide operations and business campaigns as designated specifically for each country.

At a proper time in the near future, and according to professional scheduling by Rob Sanders and staff, a grand worldwide live in concert **simulcast** will delightfully capture and compliment the hearts of millions and millions of people planet – wide !
